AMERICA'S PREMIER PLATFORM FOR CRITICAL MINERALS, STRATEGIC COMMODITIES, NEW ENERGY, AI & TECHNOLOGY — DRIVING INDUSTRIAL INNOVATION & ENERGY LEADERSHIP

The Mining & Critical Minerals America Conference & Exhibition is the region's international commodities, critical minerals, investment, new energy and advanced technologies event, bringing together the entire mineral resources value chain to Houston, TX.

This landmark event highlights industry policies, strategic commodities, mining investment trends, exploration opportunities, precious, base & bulk metals, nuclear energy, financing models, ESG and sustainability goals, commodity forecasts, and technological innovations that are shaping the new era of mining, energy and industrial transformation.

Critical minerals are fundamental to an advanced manufacturing economy, powering the aerospace, defence, and high-tech sectors that rely on cutting-edge technologies such as semiconductors, batteries, electric vehicles, wind turbines, and solar panels. Their strategic importance makes the mining industry essential to a country's security, industrial resilience, and economic prosperity, underpinning the systems and innovations that drive national competitiveness.

Position your company at the forefront of a mining and critical minerals sector undergoing structural transformation to support the global transition to a new-energy future. Join 20+ exhibitors from across the mineral resources ecosystem and meet 200+ key decision makers, qualified buyers and industry professionals actively seeking projects, technologies and solutions that will accelerate mining momentum in the United States and beyond.

Held in Houston, TX, Mining & Critical Minerals America connects global investors, mining companies, energy firms, government representatives, investment funds, banks, industry associations, service companies and equipment producers through personalised networking platforms, 1-2-1 meetings, and high-level social events designed to unlock new partnerships and investment opportunities.
